## Broncos Down Walnut 80-53 for Cage Crown

By PAUL SMALLWOOD  
Herald Staff Writer

Ashville, a perennial cage tournament power, brought home the bacon again last night for the 16th time in Pickaway County basketball history.

The Broncos, defending title holders, wrapped up the tournament championship with a staggering 80-53 victory over Walnut. The surprising verdict left a de-

lirious impact on a packed house at the Fairgrounds Coliseum. The consolation game saw Logan Elm take a 63-56 decision over Darby.

It almost became clear in the early stages that Ashville was not to be denied this night. The Bronco drive, determination and marksmanship was superb.

Although the Broncos finished with a 27-point spread, it was a

gallant and fighting Walnut crew they defeated. At no time did the Tigers give up the ship, even when the writing was practically on the wall at the start of the fourth quarter with Ashville leading by 30 points.

ASHVILLE shined down the ranks. Special praise must be given to co-captain Jim Gregg who shook off a case of measles this week to ring the victory bell for 19 points, high for the game. He missed the test completely Wednesday with Logan Elm.

Dick Hollenback almost landed a backbreaking blow single handed in the first half as he turned the nets inside out for 15 points. He cooled off in the second phase but still came through with a 17 total.

Tom Rathburn was his usual steady self with 14 points and a lot of rebounding. The veteran has cage finesse to spare and another year of basketball to go.

A pleasant surprise for Coach Russ Gregg's champions was the play of Sonny Roof, an unheralded sophomore. The bespectacled youngster came off the bench to toss in 12 points, many of them coming when Ashville was in the process of pulling away.

Paul Frase, senior co-captain, used his height to good advantage for 11 points and served as a chief aid to Rathburn in the rebounding department.

Walnut, trying desperately to unseat the defending tournament champions, perhaps tried too hard. The pressure was on and it showed several times when the spirited Tigers missed on bunnies.

TOM HARBER, a renowned and respected cage player in everyone's book, was high for the Tigers with 17 points. He probably would have scored more, but ran into foul trouble on his third infraction in the third quarter. He committed his fifth with 6:07 left in the final period.

Bill Hoover, the other half of the Walnut Sunday punch, rocked the hoop for 13 points. Seven came on his tremendous ability at the foul line. In two previous tourney appearances he had fired straight and true on 22 of 24 charities.

Sophomore Larry Leist was another mainstay for the charges of Coach Paul Reiss. The fiery outside man dropped in 12 points to establish himself as a tested veteran of cage warfare.

## News Briefs

MINNEAPOLIS (AP)—Behind them are three killings in three days in three different states.

Ahead of them lies the shadow of Charles N. Brown, 28, a one-time carnival barker, and Charles E. Kelley, 20, a curly-haired parking lot attendant.

The third victim of their guns died Friday in a hospital at Council Bluffs, Iowa, his body torn by seven bullets. Three other victims still are hospitalized.

WASHINGTON (AP)—The Food and Drug Administration says 93 gallons of bottled water from the Atlantic Ocean have been seized in defiance, Ohio.

The FDA, in announcing the seizure Friday, said the water had been offered for sale at \$3.75 a gallon with the claim that it was useful in treating gray hair, cancer and other afflictions.

CLEVELAND (AP)—Federal postal inspectors Friday arrested three men and a woman and charged them with stealing 50 to 75 letters containing Ohio unemployment and U.S. treasury checks in the last three months. Value of the checks was estimated at \$2,500 to \$3,000.

FARGO, N. D. (AP)—Armed Drainage and Metal Products, Inc., Middletown, Ohio, has been enjoined from "intimidating" others in its sales operations.

CLEVELAND (AP)—Chrysler Corp. has recalled 1,200 workers laid off from its stamping plant in Twinsburg. They will return Monday after a week's layoff.

CINCINNATI (AP)—Two youths who admitted they shattered windows of more than 100 cars with an air gun, must get jobs to pay the cost of repairs. That's the ruling Friday by Judge Benjamin Schwartz in Juvenile Court who also stipulated they must do volunteer work on Saturday with a court crew. Claims totaling \$3,200 have already been filed for the windows.

## Ohio To Get New Snows As Dixie Battles Floods

HAPPY CHAMPIONS — The Ashville Broncos are all smiles after taking the Pickaway County basketball championship last night at the Fairgrounds with an 80-53 win over Walnut. Kneeling by the trophy are Coach Russ Gregg and his two sons, Rex (left) and Van. The cagers, front row, left, are: Bob Kuhlwein, Dick Noggle, Dale Curry, Danny Hollenback, Jim Rathburn, Jim Gregg, Gary Bainter, Jim Franks and Sonny Roof. In the back, from the left, are Paul Frase, Dick Hollenback, Tom Rathburn and the team's three managers. (Photo by Beaver Studio)

## 'Several Inches' Of White Stuff Are Forecast

High Waters Pour Through Mississippi, Central Alabama

By THE ASSOCIATED PRESS

It certainly was a short summer. Thursday and Friday in Ohio gave indications that Old Man Winter had finally quit his post.

Not so. He apparently was just taking a second breath. The forecast for Ohio calls for falling temperatures and a new batch of snow today. The northern third of the state may not see much more than flurries, but the southern two-thirds have been warned to expect "several inches" of the white stuff.

The new white blanket is working its way into the Buckeye area from the southwest. As the temperature drops, rain will change to snow (possibly some sleet) and the entire cold front will sweep across Ohio into Pennsylvania.

By Sunday morning, the mercury is expected to be in the 20s although afternoon readings will rise into the 30s in northern counties and into the 40s in the south.

It all adds up to a nasty weekend weatherwise. But it will be nothing as uncomfortable as conditions in the Deep South.

Floods of major proportions swept central Alabama and Mississippi today and continued rains gave indications that the situation will get worse.

While high waters displaced thousands of persons in four Deep South states, tornadoes and damaging high winds brought more woe to at least three other Southern states.

The Red Cross in Washington said 2,800 families have been affected by flooding in Louisiana, Mississippi, Alabama and Georgia. National Guard and civil defense evacuations will send the figure much higher.

Six thousand persons have been displaced at Hattiesburg, Miss., by flood waters of the Leaf River. A third of that city is under water—some as much as 12 feet deep.

Tornadoes and high winds uprooted trees and damaged buildings in Alabama, Georgia and South Carolina. No serious injuries were reported.

The threat of bad weather continued with a Weather Bureau report of possible severe thunderstorms, hail, damaging winds and some tornadoes expected in Southwest Alabama, central and Southwest Georgia.

The Weather Bureau at Montgomery, Ala., said the Tallapoosa River, coursing through central Alabama should rise rapidly Saturday. All gates at one dam on the Tallapoosa were open and the water level rose to within six inches of capacity at Martin Dam.

Opening the Martin Dam flood gates would send thousands of gallons of water rushing down the Tallapoosa to the Alabama which already is causing major flooding at Montgomery.

Reporting for that city, the Weather Bureau said: "This is a major and severe flood. Take all possible precautions."

A. R. Long, Montgomery's chief meteorologist, added: "We're in a hell of a fix."

The Cahaba River spread beyond its banks 25 miles northward from where it flows into the Alabama. (Continued on Page 2)

## Hawaii Volcano

### Fire Pit Subsides

HONOLULU (AP)—Halemau-mau fire pit in the mighty Kilauea volcano ceased erupting Friday after spewing forth a chain of fiery lava fountains up to 100 feet high for eight hours.

No one was hurt and no damage was reported during the short-lived eruption in the fire pit—site of former awesome eruptions—on southernmost Hawaii Island.

The eruption, Kilauea's 20th since 1918, was confined to the fire pit and did not pose any threat to the sparsely populated neighboring area in Hawaii National Park.

## Operating Cash Grows Short In Congo Effort

UNITED NATIONS, N.Y. (AP)

—Dag Hammarskjold is getting uncomfortably close to a cash deadline in the Congo.

The U.N. secretary-general still is trying desperately to recruit men to maintain a strong U.N. force there in a race against the Soviets and dwindling money reserves.

With the U.N. operation facing financial collapse at the turn of the year, Hammarskjold was granted special borrowing powers for three months to keep it going. Nearly two months have passed.

Just 10 days away is the resumed session of the General Assembly that must arrange for financing the U.N. role in the Congo for the rest of this year.

The assembly also will have to dredge out of the members the funds for paying last year's net Congo bill of \$48.5 million and for covering what Hammarskjold has borrowed—known to be in excess of \$12 million.

So far the United States has kicked in with a total of \$44,962,833—\$34,645,211 in cash plus an earned credit of \$10,317,622, for picking up the tab for airlifting troops to the Congo last summer.

The gross Congo cost in 1960 was more than \$60 million but the U.S. airlift forgiveness, plus similar action by Britain, the Soviet Union and others, reduced the net bill.

There is still no sign—and none is expected — of the Soviet bloc paying the \$9,245,650 total they were assessed on the regular U.N. basis for their 1960 share. They announced during the first part of the assembly session they would not kick in a cent — and they haven't.

The Soviet Union's share is \$6,596,425. The other bloc countries range from the Ukraine's \$871,000 down to Albania's \$19,373.

Fidel Castro's Cuba also can be counted on to follow Moscow's lead and renege on its \$121,080 assessment.

The total Congo bill for the six months operations in 1960 and the first three months of 1961 was an estimated net \$72.5 million.

COLUMBUS, Ohio (AP)—Hog prices averaged 30 cents lower this week, the Ohio Department of Agriculture reported today, closing at \$17.95 per hundred-weight.

## 3rd Bank Theft Probed in Iowa

KNOXVILLE, Iowa (AP)—Examiners were at work today clearing up details of Iowa's third big bank embezzlement in two months.

The latest crime to light Friday when Eldon L. Job, 59, president of the Community National Bank and Trust Co. of Knoxville hanged himself, leaving an estimated half million-dollar shortage that stunned this town of 7,817 in south central Iowa.

Job left a "dead man's confession" saying that he used the bank's money through forged notes to cover bad investments and to make donations around town.

Unlike the situation at Sheldon in northwest Iowa where a \$2-million embezzlement closed the Sheldon National Bank, the Knoxville institution was covered by a

## Human Bones Said 600,000 Years Old

WASHINGTON (AP)—The bones of a man and child who lived among saber-toothed tigers more than 600,000 years ago have been found in east Africa.

Reporting the discovery Friday, a British anthropologist said they were the oldest human bones ever uncovered. Also, the child's bones represent "the oldest crime ever to come to light," he said.

"Murder most foul," was the description Dr. L. S. B. Leakey gave to the pieces of the child's skull. Skull fracture lines and other evidence convinced the anthropologist that "the child was murdered with a blunt instrument."

Leakey, curator of the Coryndon Museum in Nairobi, Kenya, said the bones were found the past year in the Olduvai Gorge region of Tanganyika, a rich anthropological site.

The discovery means that the 600,000 year old "Nutcracker man" (Zinjanthropus), whose bones Leakey discovered in 1959, is no longer the oldest human on record. "Nutcracker man" turned up in the same area as the new-found bones, but at a different level.

The latest discovery was credited by Leakey to his son, Jonathan, 19. "My son had found part of the jaw of a saber-toothed tiger," the scientist said, "and then, in searching for more tiger bones, we struck humans."

\$1-million fidelity bond which officials said more than took care of the shortage. Business at Community National went on as usual.

The Sheldon bank closed on Jan. 16 with the arrest of the assistant cashier, Burnice Geiger. She admitted the embezzlement and later was sentenced to 15 years in prison.

The third case occurred at Malvern in southwest Iowa, Jan. 30. John E. Willard, 40, vice president and cashier of the Malvern Trust & Savings Bank, committed suicide, authorities said, after a \$55,000 shortage was discovered.

Private funeral services were to be held today for Job, Knoxville's erstwhile leading citizen. He had been in the banking business here for 40 years.

He not only headed Community National, which he formed through a merger in 1933, but held a majority stock interest in Knoxville's other bank, Iowa State Savings.

His family, one of the best known in town, included his wife Bernice, and his two sons, Ned, assistant cashier of Community National and Louis, vice president of the other bank. A daughter, Judith, is a student at Drake University.

## New York Police Search for Girl

NEW YORK (AP)—The mass police search goes on for the little Edith Kiecorous, who vanished Wednesday afternoon after being left for a few minutes on a front stoop of a house in Chelsea.

A sound truck moved through the lower West Side Manhattan area Friday night, appealing in English and Spanish for information leading to the whereabouts of the blonde, 4-year-old girl.

Edith lived in Brooklyn with her widowed mother. She had been brought from her Brooklyn home by her mother to visit an uncle, Manuel Ducet, 30, who resides on Eighth Avenue near 18th Street.

## Kennedys Form Plan To 'Worship in Peace'

WASHINGTON (AP)—The White House no longer will inform newsmen in advance where and when President Kennedy will go to church on Sundays because he "desires to worship in peace."

This was seen as another in a series of efforts to give the presidential family a maximum amount of privacy in its personal life.

## Ike To Help Rebuild GOP

Ex-Chief Keeps Close Touch with Leaders

WASHINGTON (AP)—Former President Dwight D. Eisenhower is eager to help Republicans refurbish their party for the 1962 and 1964 elections, Sen. Styles Bridges, R-N.H., reported today.

Bridges, who heads the Senate Republican Policy Committee, said that in a telephone conversation from his Palm Springs, Calif., vacation spot, Eisenhower invited congressional Republican leaders to visit him this spring at his Gettysburg, Pa., farm.

"The former president is eager to do anything he can to help build up the party," Bridges said. "He wants to keep in close touch with us and we intend to maintain close contact with him."

Both Eisenhower and former Vice President Richard M. Nixon have been invited to sit down with the policy group soon to discuss issues before Congress and the political situation generally.

Eisenhower has agreed to speak at a dinner honoring Republican members of Congress early in June. He is expected to discuss the party situation, as he sees it, in a forthcoming magazine article.

The former president's record was defended vigorously in the Senate Friday. Republicans charged that President Kennedy made an unfair attack on Eisenhower in a message Thursday on natural resources.

Kennedy's message said Eisenhower policies "denied the resource requirements and potential on which our economic growth hinges; and took a heavy toll in added costs and even human life and homes by postponing essential flood control projects."

Senate Republican Leader Everett M. Dirksen of Illinois said this "cast a reflection on former President Eisenhower and a serious one."

## Lebanon, Middletown Reach Water Agreement

LEBANON, Ohio (AP)—Warren County commissioners and Middletown officials have ended a stalemate on negotiations for a deal to provide water to Blue Ball in Warren County. At a conference Friday, officials approved two possible plans that would give either Middletown or Warren County sole responsibility for the work and bill collecting. The Blue Ball Water Association must decide which plan it likes best and propose it at a public meeting sometime next month.

## U.S. Airports Abuzz after 6-Day Strike

NEW YORK (AP)—The nation's airports were abuzz with increasing activity today as more of the big jets and propeller craft, stilled during a six-day walkout of flight engineers, got back into the air.

Six of the seven airlines crippled during the strike, the worst and costliest in American aviation history, were on normal or near-normal schedules today.

These were Pan American, American, Trans World, Eastern, National and Flying Tigers—airlines taking part in an agreement under which the engineers returned to work while a presidential commission searches for a remedy to the basic cause of the strike.

The seventh airline snarled in the unauthorized strike—Western—refused to join in the return-to-work plan and had only token service in effect.

Western fired its 130 flight engineers and plans eventually to replace them with pilots trained to handle their duties.

Western announced early today it was restoring some service to several mountain states by using supervisory personnel in place of the engineers. It is continuing 2,350 workers on furlough.

The complaint which prompted the engineers to walk off their jobs stemmed from a National Mediation Board decision that the Flight Engineers Union and the Air Line Pilots' Association at United Air Lines must vote for one union as a bargaining agent.

## Republicans To Probe Defeats in Big Cities

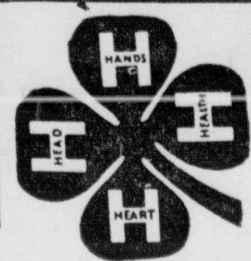

WASHINGTON (AP)—Republican State Chairman Ray C. Bliss announced Friday that Cleveland and Columbus have been selected for initial study by Republicans, charged with finding out why their party fared so badly in big cities in the 1960 election.

Bliss, who heads a special committee of the Republican National Committee, said his 14-member group will "explore in depth" possible means of improving the GOP vote in the big cities.

## 4-H Club News

By EDWIN D. TAYLOR  
Associate County Extension Agent

National 4-H Club Week, March 4 - 11, will be observed by about 716 youth in Pickaway County. The young people 10-21 years old are among the 2,302,000 4-Hers of America who belong to some 94,200 clubs in rural, urban and suburban communities.

Ohio has an enrollment of 84,026 members of which 716 are Pickaway Counties. This year's continuing theme for the head, heart, hands, and health group is "Learn - Live - Serve Through 4-H".

The week will be highlighted nationally in Washington D. C. by a team of six 4-H members, representing 4-Hers everywhere, who will give the annual "4-H Report to the Nation". The report will review in story and pictures outstanding 4-H achievements and current projects.

While in the Nation's Capital, the three girls and three boys will visit the White House, meet several members of Congress, high governmental officials, and other national leaders. After a short stay in Washington, they expect to go to New York and perhaps elsewhere to meet with other friends of 4-H.

Club members everywhere will share honors with the 302,500 men and women who serve as unpaid volunteer leaders and guide 4-H work in local communities throughout the 50 states and Puerto Rico.

AMONG the purposes of 4-H club week are: to acquaint more young people with opportunities open to them through joining or forming 4-H clubs, to increase public understanding of 4-H aims and accomplishments, and to express appreciation to the many friends of 4-H who support the "learning by doing" program of character development and good citizenship.

National 4-H Week will be highlighted locally by the annual Pickaway County advisors' recognition banquet on March 8. This banquet is held for old and new advisors to give recognition to the local leaders who give much of their time without pay as they help the youth of our community develop. This banquet also is the kickoff of the 1961 4-H Club year. Advisors should make reservations with the Extension Office if they desire to attend.

## New Farm Loan Money Handy

Some \$50 Million Placed in Fund

An additional \$50 million has been made available to the Farmers Home Administration for farm housing loans, Wade E. Jeffers, the agency's county supervisor announced today.

He said that the new loan funds assure an adequate supply of this type of credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds previously available.

Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, 159 1/2 E. Main St., Circleville, where Jeffers has office hours every Tuesday from 10 a. m. to noon. The loans bear 4 per cent interest and are repayable over periods up to 33 years.

The major demand in Pickaway County is for loans to construct and modernize farm houses, and most of the funds are used for new construction.

IMPROVEMENTS financed with the funds include the installation of central heating, and pressure water supply systems, the addition of bathrooms and the modernization of kitchens.

Many local farmers also use the loans to adjust their service buildings to the changing requirements of agriculture. A frequent example in this area, Jeffers said, is the conversion of obsolete dairy facilities by the construction of a modern milking parlor and loafing barn and the conversion of obsolete hog facilities by the construction of a modern hog barn for farrowing and fattening.

To be eligible a farmer must own a farm that will annually produce for sale or home use at least \$400 worth of commodities based on 1944 prices and be of sufficient value to adequately secure the loan.

In addition, he must lack the resources needed to obtain credit elsewhere and have sufficient income to pay farm operating and family living expenses and meet payments when due on his debts.

## Over-Watering House Plants Good Way To Kill 'Em Off

By GEORGE HAMRICK  
County Extension Agent, Agriculture

Do you follow the "if a little is good, a lot is better" philosophy when watering house plants? If so, don't be surprised if the plants' lower leaves turn yellow or fall off. Plant roots suffer greatly when a plant is over-watered. Too much water fills the air spaces in the soil and the roots suffer from inadequate aeration.

If you are a chronic over-waterer, choose plants which can stand relatively moist conditions. Chinese evergreen, philodendron, dieffenbachia, palms and dracaena could be plants on your list.

To correct over-watering problems:

1. Water only when the soil is on the dry side. Push your finger into the soil to a depth of two or three

inches and see if the soil is dry toward the bottom of the planter.

2. Water thoroughly until the water drains from the planter's drainage hole. Don't water again until the soil begins to dry.

3. Don't put your plants on a watering schedule. Conditions in the home vary with the seasons. Plants require different amounts of water depending on the temperature and humidity of the home.

Some plants will die almost immediately when over-watered. Cactus, jade plant, peperomia, potos and sansevieria (snake plant) are examples.

## County Gets 2 Tractor Clubs

By EDWIN D. TAYLOR  
Associate County Extension Agent

There will be two tractor clubs in Pickaway County this year. Both clubs will organize at 8 p. m. Wednesday.

Frank Lands is the advisor of the "Pickaway Tractor Club". This club will hold its meetings in the shop at Frank Lands home located on the East Ringgold-Southern Road about 1/2 mile south of the Circleville-Stoutsville Road.

Dick Black and Roger Schneider are the advisors of the "Northend Tractor Club". This club will hold its organization meeting at the Black home in Robtown. Robtown is located on Route 316 about 4 miles west of South Bloomfield.

If this will be your first year as a tractor club member, you are invited to attend either club. If you have been a tractor club member in the past and haven't taken the "D" unit project you are invited to join the Northend Tractor Club.

Any farm boy 12 - 20 years of age can become a tractor club member. The only requirements are that you have a tractor at home to do simple maintenance jobs on, attend the club meetings, and complete your project book.

## Trees Named To Replace Vanishing Elm

By GEORGE HAMRICK  
County Extension Agent, Agriculture

Since Dutch elm disease has all but eliminated the most popular shade tree in some areas, home owners wonder what to select for a street or shade tree.

Most home owners want a fast-growing, nicely shaped, "clean" tree that needs little care and is not bothered by major plant diseases or insects. No tree will meet all these qualifications.

Plants are living organisms and are subject to many unfavorable conditions. It is impossible to know what problems may arise. Fifteen years ago no one anticipated Dutch elm disease and the loss of the elm as a shade tree. One can now see that disease or insects may eliminate other trees in the future.

For Ohio conditions, the following trees are recommended for street or shade trees:

Large trees (30 to 50 feet): Among the popular and available species are the thornless and podless honey locust (Moraine, Imperial, or Skyline), sweetgum, sugar maple, pin oak, London plain tree, and red maple.

Small trees (15 to 25 feet): Recommended for use around the smaller ranchtype homes are the golden rain tree, ginkgo, flowering crabapple, redbud, and flowering dogwood.

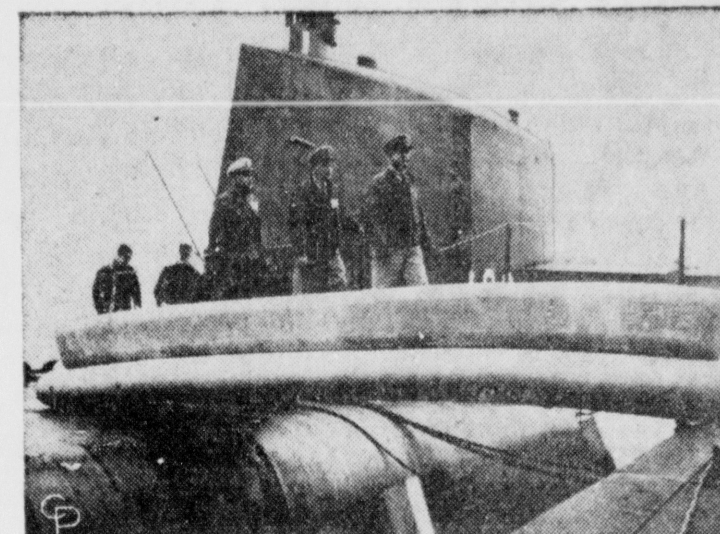

## Annual Beef Tour Thursday

The annual Pickaway County beef tour will be Thursday. The tour will begin at 9:45 a. m. at the Curt Bower farm on DuPont Road, just across from the DuPont plant.

From the Bower farm the tour will move to the Ernest Enoch farm, the Willard England farm, Frank Graves, Arnold Reichelderfer, and D. A. Marshall and Sons farms respectively.

All beef enthusiasts are invited to go on the tour and should call the County Extension Office for lunch reservations.

## Infinity Grows Each Year

As more sensitive and powerful telescopes rise higher above the earth to photograph the universe, astronomers are revising their ideas of infinite space. It has more infinity than supposed. It has been expanded at least 25 times.

Tens of thousands of new galaxies have been found. These are not merely new stars but groups of them, each containing many thousands.

Their curiosity whetted, the U. S. Navy, the National Science Foundation and Princeton University plan to send bigger telescopes still higher. Among other facets, they are curious about one theory. Not

all stars may be living in the sense of possessing warmth and light. Is the universe a vast mixture of the quick and the dead, part of it a cemetery for stars that "perished" years ago?

David, the Shepherd King, viewed the star - scattered infinite and sang:

"The heavens declare the glory of God, and the firmament showeth His handiwork. Day unto day uttereth speech and night unto night showeth knowledge. There is no speech nor language where their voice is not heard. . . In them hath He set a tabernacle for the sun."

## 40 Congress Probes Scheduled

While the House Un-American Activities Committee gets most of the plaudits in relation to congressional investigations, it is just one of many of the probing activities of the legislative branch. There will be more than 40 under way this year, including 20 new ones.

Among the situations to be inquired into: International affairs, the State Department's diplomatic corps, the interstate highway program, the fiscal procedures of Congress, the missiles lag, work stoppages on government weapons contracts, for foreign aid, unemployment, inflation, medical care for the aged, small business, consumer prices, public housing.

Also, veterans affairs, labor racketeering, conflict of interest, the Electoral College system, immigration, juvenile delin-

quency, surplus crop disposal and the federal agencies.

You name it and the Congress of the United States has a committee preparing to inquire into it. The federal establishment is so massive that no single member can begin to understand it. So authority is delegated to certain members to probe into corners and report to Congress what they have found.

## Make 'Hot Money' Legitimate

By George Sokolsky

President Kennedy wants a report by April 1 on tax havens, on whether "undue amounts" of American capital may be flowing to industrialized nations. Douglas Dillin, Secretary of the Treasury, is to get the facts together with the object of developing legislation. It is to be hoped that he does not limit his investigations to Treasury officials, as they have not been able to do very much about this subject during the 40 years that it has been a problem.

Any study of tax havens must begin with "Hot money". By definition, this is currency which came to its owner illegally and which he dares not disclose. His principal task is to make "hot money" legitimate; otherwise he is stuck with a currency that he cannot use. "Hot money" is actually cash and is moved as cash.

The first big block of "hot money" was Prohibition money - the coin that went to bootleggers, hijackers, the importers of forbidden liquor, the bankers who provided the money for this purpose and the gangsters who gave them protection. Nobody knows for sure what this amounts to, but the figure most often used is that the residue is about \$2,500,000,000. Most of this money first found its way from various American cities to the Canadian bootlegging centers and from there to Europe where it was legitimized and put into industry and commerce

throughout the world, including the United States. No taxes were ever paid on these earnings. The second largest block of "hot money" is dope. This has to be financed because the sums involved are enormous. The principal export center is Italy, although considerable dope comes from the Middle East and Red China. It is generally said that Lucky Luciano is the king of this business throughout the world, although he, living in exile, denies this overlordship. All transactions are in cash and therefore no taxes are paid.

The United States maintains an inadequately financed agency to meet this situation under the direction of Harry J. Anslinger, who has done more than is to be expected on the slender support he has. This dope money should be taxed but it is not easy to find the owners. However, if a tax of 200 per cent were put on caught heroin or marijuana or opium, it would be very helpful. The peddling or financing of dope should be made a capital offense.

The third largest block of "hot money" is currency obtained by a variety of methods, including under the table payments to politicians. Such money is physically taken to places like Switzerland or Panama or Hongkong and is banked there either under numbered or fictitious accounts. The money is then managed from abroad and may never actually be returned to the owner in this country. American shares may be purchased in London or Amsterdam or other cities and sold on a rise, the accretion never being taxed. Dividends would, of course, be taxed.

The money is also used for investment in foreign enterprises or in American - owned enterprises abroad. It thus becomes denationalized and pays no taxes to the United States. The sums involved in these operations are not known. In the business world the low estimate is \$50,000,000,000. Actually, the tax law permits an American enterprise to retain its earnings abroad and thus avoid

taxation in the United States. The Treasury seeks to correct this by requiring American parent companies to supply information concerning foreign subsidiaries, but this is not the largest factor in the situation. What is needed is information about those Americans who have numbered accounts in Switzerland and other countries and to make such dollars taxable.

There can be no excuse for the lack of knowledge on these subjects except that too many big names are always involved. There is plenty of free discussion and free action on these subjects and nobody seems particularly worried about them or afraid of government action.

All tax havens involve tax evasion. The American subsidiary abroad which makes a loan to the American parent company is avoiding taxes. The solution for this problem is to make tax evasion subject to a triple fine and to require accountants and lawyers who certify financial statements to declare that no tax evasion or tax avoidance is involved. The advice on how to use the lawyers and accountants should be given usually comes from lawyers and accountants.

## He Tossed Flowers At Her—Pot and All

DAYTON, Ohio (AP) — You wouldn't think a man would get in trouble for tossing flowers to a member of the opposite sex, but 68-year-old Clarence H. Taylor did.

According to Patrolman S. F. Dunkin, Taylor tossed the flowers to his landlady, Mrs. Dessie Holland, 62. What upset Mrs. Holland was that Taylor neglected to remove the flowers from the pot.

She was treated at home for a head wound, and Taylor was jailed for drunkenness.

## Try and Stop Me

By BENNETT CERF

THE TYPE in some of the mammoth new paperbacks gets smaller and smaller and one anguished reader has struck back at his tormentors. "I propose," he writes, "that these typographical monstrosities henceforth carry this legend on the last page: A NOTE ON THE TYPE IN WHICH THIS BOOK WAS SET."

"The type in which this book was set is known, quite unfavorably, as one-half point Myopia, and was designed in 1622 by that noted sadist, Feodor Astigmatism. It bids fair to become one of the most heartily disliked faces this side of Fidel Castro. It is perfect for engraving the complete text of 'The Brothers Karamazov' on the head of a pin."

Eyeing the scantly clad chorus girls at a popular night club, comedian Joe E. Lewis sighed, "They don't make them like they used to." Even more wistfully, he added, "At least I don't!"

## Veteran Film Director Likes To Work with Nonstar Folks

KYOTO, Japan (AP) — "Now you take Gable. Once he agreed to a script, that was it. He was on the set every morning at 9, no questions asked. But these new actors—murder!"

This was Raoul Walsh reflecting on the old and the new among Hollywood stars. He has directed them all, and discovered scores of them from Anna May Wong to Rock Hudson.

Walsh was explaining why he brought a group of nonstar actors here to film a Korean War saga, "Marines, Let's Go."

"We need some new stars in Hollywood or we'll be going out of business," he said. "Besides I like to take a bunch of newcomers and throw them into the pot; maybe one of them will come out a star."

"I get tired of pampering stars along. By the time you get through negotiations with them, you could have had the picture shot and in the cutting room. They want to rewrite the script as they go along."

Walsh is one of the movies' great characters. His history goes back more than 50 years. He has directed over 400 films, from one-reelers to wide-screen.

He reflected on some of the old and new names over whisky at the Miyako Hotel, meanwhile rolling his own cigarettes.

## St. Patrick's Day Souvenir Fakes Decried

COZADDALE, Ohio (AP)—Tom McCarthy an American of Irish extraction, who has lived in 28 of Ireland's 32 counties, said today there was more baloney than blarney in the "fake" souvenirs which will be on the market for St. Patrick's Day.

McCarthy, formerly a Cincinnati news broadcaster, said "many a St. Patrick's Day party will feature harps and shamrocks from Germany, England and Japan, along with clay pipes from Holland."

McCarthy said even the Irish have been "taken in" by Irish souvenirs stamped in the Gaelic language 'seapain, tir a dheanta,' which roughly translated means 'Made in Japan,' he declared.

"If the Japanese can learn Gaelic in order to sell souvenirs, then Americans of Irish descent ought to at least take the trouble to buy the genuine product made in Ireland," McCarthy said.

McCarthy, who has turned from radio newsman and commentator to operating a place he calls "Irish House" from his farm here, has another complaint.

"If all the 'genuine pieces of Blarney Stone' sold in the United States had actually come from the stone, the thing would have been bigger than the Rock of Gibraltar to start with," he declared.

CASPER, Wyo. (AP) — Jacob Zulauf of Cheyenne wishes he'd let well enough alone.

Justice Court fined him \$100 and suspended his driver's license for 30 days after conviction on a driving charge. Zulauf appealed.

District court not only upheld the penalty but also sentenced Zulauf to 30 days in jail and suspended his driver's license a year.

## 100 Years Ago

this week in the U.S.

It has now been confirmed that a convention of the seceded states has met at Montgomery, Ala. The meeting convened on Monday, and although the proceedings were conducted under strict secrecy, informants have passed along some reports which may be taken with a degree of authority.

On Friday, a "provisional" constitution was adopted which provides for a "provisional form" of government under the name, "Confederate States of America". On the following day the assembly elected Jefferson Davis, of Mississippi, (U.S. Senator until secession) as President.

The choice was said to be unanimous only after the Georgia delegation switched its votes from their own Howell Cobb to Davis. Alexander H. Stephens, of Georgia, was elected Vice President. It is understood that Davis was not in attendance at the meeting but is being called up for inauguration at an early date.

As the delegates of the various seceding states appear to be having successful collaboration in Montgomery, Ala., some of the nation's top diplomats have been somewhat less successful in their attempts to reach agreement without disunion.

The "Peace Conference", meeting in Washington, is enjoying attendance from only 13 states. Nothing of a definite nature has developed during the course of the conference, but the nation watches (with little hope, it is true) this gathering of peace-seekers.

A general election held in Tennessee last Saturday for the purpose of reading sympathy towards a sovereignty convention showed a majority of 12,000 against holding such a convention, a reaction which revealed strong Union sentiments in that border state.

'A Nameless Hero' To Be  
Topic at Church of Nazarene

"A Nameless Hero" is the topic of the morning message in the 10:30 a. m. worship service at the Church of the Nazarene. The adult choir will sing and Mrs. Merrill Allen and Mrs. Lee Fulks will furnish the special song.

Mr. Dawson Park, superintendent, will conduct the Sunday school hour beginning at 9:30 a. m. Mrs. Daryl Thompson will direct the children's assemblies.

The Junior Society and the Young People's Society will meet at 6:45 p. m. Mrs. Kenneth Dagon and Mrs. Marlin Snyder will be the leaders.

In the 7:30 p. m. evangelistic service the Rev. and Mrs. R. Dale Fruehling will provide the special song. The pastor will begin the message entitled, "The Little Outlaw". The messages during the Lenten Season concern some of the personalities participating in the trial and crucifixion of Jesus Christ our Saviour.

First E.U.B.

Victory day services are to be held at First Evangelical United Brethren Church tomorrow. A special program is being planned for both the morning and evening services.

This day will close an eight-night series of evangelistic meetings under the general direction of the pastor, the Rev. O. F. Gibbs.

The worship service will begin at 9:30 a. m. with the Rev. Paul F. Hill, Selma, Ind., bringing the message. A song service will be led by Montford Kirkwood Jr., with Mrs. Verneal Thomas at the organ and Miss Lucille Kirkwood playing the piano.

A goal of 350 is set, and every class and organization is working hard to hit the goals. The Senior Choir will sing in the morning service.

The regular trustee offering scheduled for this Sunday has been postponed until Sunday, March 5th.

Sunday school in the children's department will meet in the service center at 9:25 a. m. under the direction of Mrs. Robert Dumm and Mrs. Donald Johnson. Church school in the youth and adult departments will meet following the worship service. Nursery care is provided during both the worship service and Sunday School.

The Sunday night services will begin at 6:15 p. m. when the Youth Fellowship will meet in the service center for a carry-in supper and a youth rally service. The night evangelistic service will climax the revival campaign that has been under way for eight nights. The Rev. Hill will deliver his last message of this series.

St. Philip's Episcopal

Men of St. Philip's parish will observe the second Sunday in Lent with a corporate Communion at 8 a. m. tomorrow, following which they will attend breakfast in the parish house. The Rev. William G. Huber will be celebrant. Acolytes serving at 8 a. m. will be Tom Wright and Louis Pomerville.

At 10 a. m. there will be a service of Morning Prayer and sermon at which the rector will officiate. Layreader will be Robert W. Hutzelman who will read the First Lesson and also lead the responsive reading of the Psalm for the Day.

The Choir, under the direction of Miss Lois Wittich, will sing the chants for Morning Prayer and the offertory anthem, "The Lord My Pasture Shall Prepare," by Geoffrey Shaw.

Hymns to be sung in the service will include "Praise, My JSoul the King of Heaven", "The Glory of These Forty Days" and "There's a Wideness in God's Mercy".

The organ prelude will be a "Prelude" by Everett Titcomb and the chorale prelude, "O World, I Now Must Leave Thee" by Karg-Elert.

Acolytes serving at 10 a. m. will be Mike O'Donnell, Bill Weldon, Douglas Thompson and Bill Huber with Roddy Sines in charge.

Church School will be held at 10 a. m. and a Nursery will be available for children under the age of three.

The Choir will meet for rehearsal at 11:15 a. m.

Calvary E.U.B.

The Unified Service will begin at 9 a. m. with Morning Worship at the Calvary E.U.B. Church. Dr. C. L. Allen, Lorain, will be the guest minister. The pastor, the Rev. G. H. Niswender, will be in charge of the service. He will be assisted by the assistant Sunday School Superintendent, Clark Zwygar.

Congregational hymns will include: "Love Divine", "King of My Life" and "Just As I Am".

The Senior Choir will sing: "When I'm With Him".

Mrs. Earl Millitons, organist, has announced the following as her numbers: Prelude, "Supplication" Patterson, Offertory "Morning Song", Bell and Postlude "The Victory of Faith", Rand.

The Youth and adults will assemble at 10 a. m. for the study of the Sunday School lesson.

**Church of the Brethren**  
Special emphasis is being placed upon repentance, each Sunday morning and evening during the Lenten season, at the Church of the Brethren.

This season of repentance to be followed by two weeks of Revival meetings, beginning March 19 and closing Easter Sunday night with Love Feast and Communion.

The Rev. Hugh Cloppert, Dayton, will be the evangelist.

The Rev. Cloppert has been in

the Pastorate for many years and has been a successful evangelist. A number of church school teachers and the pastor, The Rev. Henry M. A. n. e. y, have attended the School of Christian Living in the Mack Memorial Church of the Brethren, Dayton, the past month and will continue through Monday March 5.

Six courses are offered for pastors and teachers.

They are: Camping for Juniors; Communicating the Gospel to Children; Helping Our Junior Highs;

The Gospel of Mark; The Minister at Work with People. Dr. Harry DeWire, teacher of Psychology and Pastoral Care at United Theological Seminary, leads the ministers in this class; and Worship Resource for the Local Church.

**Hepatitis Outbreak**

ATLANTA (AP)—Hepatitis continues at a high rate throughout the nation, with 15 cases reported in a rural school in Harrison County, Ohio, the U. S. Public Health Service said today.

The weekly report by the Communicable Disease Center said no earlier cases had been reported in the past three years in the Ohio outbreak scene.

The report said the majority of the cases involved first or second grade pupils, 11 of them male, and the boys' lavatory was suspected as being the place of infection.

ASK-SEEK-KNOCK

Everyone knows that success comes not to those who merely desire it, but to those who achieve it through long, hard work.

It is odd then, that in the spiritual area of life some people should expect blessings to come for the asking.

Those who really understand PRAYER know that it's more than mere asking. It is seeking. It is the hungry search for truth and moral enlightenment . . . digging for spiritual gold in the hills of life.

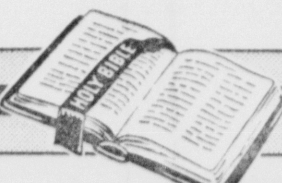

But PRAYER is something more even than seeking. It is knocking . . . meeting life's obstacles bravely . . . waiting with patient determination until closed doors open . . . entering portals that the more timid pass by.

We wouldn't really need churches if spiritual growth came for the asking. But we do need churches to help us seek the treasures of God. And through our churches, with the united strength of millions of Christians, we knock on the portals of the more abundant life—and there find it.

THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Ohio Highway Accidents Is Topic at B&PW Club Meet

Mr. A. J. Brassuer, district representative of the State Highway Safety Department, was guest speaker Thursday night at the Business and Professional Women's Club of Circleville.

The February session was held in the First Methodist Church Annex, Circleville.

The program was in charge of Mrs. Carolyn Young, who introduced the speaker.

Mr. Brassuer presented a talk on the accident toll in the state of Ohio and what can be done to eliminate some of the highway fatalities.

He stated that 1 per cent of all drivers are caused by the constant offenders and they represent 15 per cent of total accidents.

Three per cent of all drivers are expert drivers and their percentage of accidents is zero.

Approximately 96 per cent of all drivers are the average drivers and they are responsible for 85 per cent of accidents.

Of the 10 million people in the state of Ohio, four million hold driver's license. In the 1959 statistics there were 38 1/2 billion miles driven in Ohio as compared with 611 billion miles driven in the United States.

Yearly accidents on the highway costs the people of the state of Ohio an approximate 15 million dollars. In 1959 the state of Ohio was ranked 4th in traffic deaths. The only states to exceed this were California, Texas and New York states.

Mr. Brassuer extended his congratulations to members for their participation last year in the Carol Lane Award which is awarded by the Shell Oil Company. He further stated that Miss Lane would be in vicinity in July and asked

the club to arrange to meet with her. The club is carrying on the Safety Campaign this year and will continue to cooperate with the state of Ohio in any way possible to help eliminate accidents. Members also are working on the local level to eliminate accidents among the teenagers. This project is under the direction of Mrs. Ruth Neff.

Mr. Brassuer was accompanied by Mr. Carroll Reid, chairman of the Pickaway County Safety Committee and district representative on the state level of the Governor's Safety committee.

The meeting was conducted by Dr. Nancy Lu Conrad.

It was announced that the State Convention of the National Federation of Business and Professional Women's Clubs will be held in Toledo, the third weekend in May.

Mrs. Esther Work reported on the history of the local club that is being prepared by Mrs. Work and Mrs. Anna Chandler. Mrs. Work also reported on the historical society activity.

A finance report was given by Mrs. Lucille Bostwick followed by the membership report by Mrs. Alice Brown.

Mrs. Brown also reported on the Scholarship Fund. She said that the club has an applicant for assistance with higher education.

Mrs. Ruth Neff reported on the activity of the safety committee and their spring bike check which will be held the latter part of April.

It was voted to formulate letters to the service director and safety director of the city of Circleville to voice the club's appeal for the cleaning of the streets and sidewalks of the city, now that the snow is gone and the streets are so dirty with the sand and chemicals that were used to melt the ice.

Dr. Nancy Lu Conrad's name has been submitted for district director of District 19. The Adams County Club has also submitted the name of Mary E. Pixley for director. Election of director will be held the latter part of March.

The next meeting, March 23rd, will be held in the Methodist Church Annex and will be the election of officers for the 1961-1962 year. At this meeting there will be a "silent auction and bake sale" for members and guests.

Miss Elaine Polling was guest for the evening.

Mrs. Young, Mrs. Neff, Miss Minnie Palm and Mrs. Effie May Folsum, health and safety committee, served refreshments with Dr. Conrad presiding at the silver service.

The club voted to sponsor Miss Stephanie Marion to Girl's State this summer to be held at Capitol University in Columbus.

### University Women Schedule Session

A branch meeting of all groups of University Women will meet at 8 p. m. Monday in the home of Mrs. Maynard Slack, 842 Atwater Ave.

The program will consist of films and a discussion on "The Emerging Nations of Asia".

### Methodist WSCS

#### To Meet Wednesday

A general meeting of the First Methodist Church WSCS, Circleville, will be held at 8 p. m. Wednesday at the church. Members of the executive board will meet at 7:15 p. m.

## Dear Abby...

By Abigail VanBuren

### Get on the Ball, Lady!

DEAR ABBY: I'm allergic to my husband. He's kind, considerate and generous, but oh, such a bore, and quite stupid. We don't have anything in common and never have had. I got married very young. We have three of the best children you could want. I have taken up nagging as a pastime. Please help me adjust my life. I am 42 and have been married for 25 years and am bored to death with him.

BORED

DEAR BORED: The way to be entertained is to be entertaining. Better start to entertain this "kind considerate, generous" bore before someone who is attractive, appreciative and unscrupulous starts to bore in from the outside.

DEAR ABBY: I was horrified at your advice to "PAUNCHY." The modern male is having trouble enough hanging on to his masculinity without your saying it is fine and dandy for him to

wear elastic panelled briefs to hold his stomach in. Please, Abby, leave the elastic foundations for the ladies.

JOHN

DEAR JOHN: Women have done a much better job of holding themselves together and keeping things in shape than men. A bay window doesn't look any better on man than it does on a woman. There is nothing feminine about wanting to look and feel better.

DEAR ABBY: My husband and I both work. We have no children. Our problem is a very kind and generous neighbor, who has a large family and loves to cook. So, every night she sends us our dinner.

We don't wish to hurt her feelings, but her tastes are so different from ours we usually end up giving the food to the dog or putting it down the disposal. We hate to waste so much food. What should we do?

DIFFERENT TASTES

DEAR DIFFERENT: Tell your neighbor, as tactfully as you can, that you "enjoy" fussing around your kitchen after being gone all day, so please don't send you any more food. (What a pity a needy family isn't living next door to her!)

CONFIDENTIAL TO "BOTH 45": You cannot continue to live with your present set-up. If your husband refuses to see a doctor (he is sick, you know) see an attorney about a legal separation.

Yes, Abby will answer your letter personally if you write to AB-BY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

# Sunday, Feb. 26, is Heart Sunday

## The Heart Fund is No. 1 defense against heart disease, the No. 1 killer

Welcome your Heart Fund Volunteer when she calls. She is helping you save a heart you love.

Every other person who dies in Central Ohio today, and on every day this year, will be a victim of heart disease.

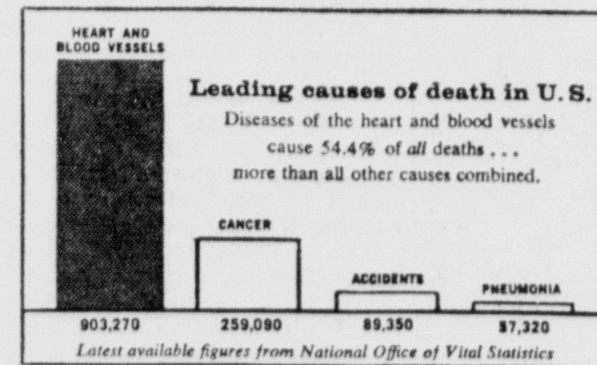

Yet, despite its record of killing more people than all other causes combined, heart disease can be conquered. Progress has been made, financed largely by Heart Sunday contributions. Today, most heart victims recover; 3 of 4 return to work. Many lives are being saved now that would have been written off as hopeless a decade ago.

Imagine, today, that every member of every family in Franklin County has a heart or blood vessel disorder! That's how many prospective victims there are just in Ohio — more than half a million.

Seventy-five cents of every \$1 you contribute today will stay here in Central Ohio to finance research (such as the heart-lung pump at Children's Hospital), education and community heart programs; 25¢ will join the national fight for a "break-through" against heart disease.

The Heart Sunday volunteer who comes to your door today will give you information on how to recognize heart trouble, on how to protect yourself against it.

What you give her may be the key to the conquest of heart disease; it may mean that a heart you love will keep beating.

### 1. Card of Thanks

We wish to express our sincere and heartfelt thanks to friends and neighbors for their kindness shown to us at the death of our beloved husband and father. We especially wish to thank Dr. V. D. Kneiss for his kindness, also the ministers: The Rev. G. W. Niswender, Rev. Herbert Taylor and Rev. R. Dale Frueling for their consoling words.

Also we wish to express our thanks to our neighbors on Avondale Drive and Scioto Street for their kindness and beautiful floral offers, and the Mader Funeral Home for the kind and efficient service. All have our everlasting gratitude.

## Ohio Conference Tourney Opens

By THE ASSOCIATED PRESS  
Ohio Conference basketball champion Wittenberg and the arch rival it beat for the 1959-60 title, the Akron Zippers, are two of the eight surviving teams which go into the second round of the loop's second annual tournament tonight.

The champion Tigers defeated the Zips 65-56, in the finals of last year's tournament. That same year, Wittenberg clinched the conference title by downing Akron 64-47, after defeating the Zips 45-40 earlier in the season.

In fact, Wittenberg has beaten Akron six straight times dating back to the 1958-59 season. The last time the Zippers came out on top was in 1957-58 play when they knocked off Wittenberg on their own court. That also was the last time Akron took the conference title.

The Tigers have won the conference laurels for three consecutive seasons, over which they amassed 30 straight loop victories, 11 in the current campaign.

The 11th came Friday night in the opening round of the tournament's southern division battle at Capital University in Columbus.

Besides Wittenberg, other southern division survivors are Otterbein, Capital and Ohio Wesleyan.

Wittenberg routed Denison 62-28; Otterbein led throughout for a 79-64 triumph over Marietta, and Capital racked up Muskingum 66-54.

Ohio Wesleyan, which drew a bye in the opening round, is matched against Capital at 9:30 p.m. tonight, while Wittenberg takes on Otterbein at 7:30 p.m.

Besides Akron, surviving in the northern division tournament on the Zippers' home court are Wooster, Hiram and Mount Union. Akron trounced Oberlin 88-66; Wooster topped Baldwin 70-60, and Hiram won its first conference game of the season, 70-65 over Kenyon.

Mount Union drew a bye in the first round and plays Wooster to-

night on the same card with Akron vs. Hiram.

Both divisions have semi-finals scheduled for next Friday night with the winners playing at Capital next Saturday night for the tournament title.

Since Akron is the northern section favorite and Wittenberg the southern section choice, the two teams have a good chance of being matched in the tournament finals for the second straight year.

The winner earns a berth in the Mid-East Regional of the NCAA College Division Basketball Tournament. The regional elimination will be played at Wabash College, Crawfordsville, Ind., March 10 - 11. Already entered there are Wabash (14-5), Youngstown (20-4) and South Carolina State (19-4).

Wittenberg is currently 17-5 for the season, and Akron 16-6.

The Ohio Conference championship and the loop tournament title are not to be confused. The championship is a mythical one and is awarded to the team with the best conference record in a season.

Although the tournament games count in conference records, they have no bearing on the championship which is decided beforehand during regular season play.

In other games involving Ohio college teams Friday night, Central State defeated Lincoln (Mo.) 60-56 in the semi-finals of the Midwestern Athletic Association Tournament at Nashville, Tenn.; and Wayne State (Mich.) unopposed Western Reserve 80-68 in the Presidents' Athletic Conference, breaking a four-game losing streak.

## Catcher Tries 5th Time To Gain Tribe Job

TUCSON, Ariz. (AP)—The name is Allen Jones and he claims he isn't a rookie for the Cleveland Indians. On one score the 30-year-old catcher is correct: He's been to more Indians' spring training camps than anyone on the team.

This is Jones' fifth spring season at Tucson and he's still trying to make the parent club as a catcher. He broke into pro baseball in 1948—the same year as three Cleveland veterans, Johnny Temple, Johnny Antonelli and Jim Piersall.

While the others moved up quickly to the big leagues, Jones knocked around in the minors. Jones has a world of confidence. He's a take-charge guy and can handle pitchers, but carries only a .250 average for his minor league play.

"They tell me I might make this team," he said Friday. "Well, I've heard that before. If I don't make it, I'll be disappointed, but that's okay. These fellows know what they're doing."

"Baseball's been good to me. I mean it when I say I don't have an enemy in the game. I'd like to stay in it all my life. I don't believe in worrying."

Jones played in 82 games for Toronto last season and hit .249 before he hurt his knee in a home plate collision. That put him on the shelf for the rest of the season. He knocked in 40 runs in 205 at-bats, though. "I like to hit in the clutch," he says.

Lack of shoes didn't bother Indian Maid when she won the Columbian Handicap at Hialeah. The Florida-bred mare ran seven furlongs barefooted, an unusual racing feat.

Medic, Builder Deny Evading Income Taxes

CLEVELAND (AP) — An Ashland chiropractor and a Cleveland Heights building contractor each pleaded innocent in U.S. District Court Friday on charges of evading payment of federal income taxes.

Judge James C. Connell continued their bonds of \$1,000 on which they were released following their indictment Feb. 15. No trial date was set.

Dr. Luther W. Nuetzel, 49, the chiropractor, is accused of understating his income for 1954 through 1957 by \$48,059. The government claimed his underpayment of taxes was \$11,382.

Dr. Nuetzel is accused of making fraudulent claims for expenditures in his practice and on real estate when he reported total net income of \$4,839 for the four years and reported his taxes as \$1,021. The Internal Revenue Service claimed his actual income was \$52,898 and that he should have paid taxes of \$12,403.

Leon H. Levine, 39, is accused of failing to report income from remodeling and repaid jobs in reporting his income of \$22,175 for the years 1954 through 1956. The government claimed his actual income was \$74,893 for the three years and taxes should have been \$22,122.

The Internal Revenue Service said Levine reported taxes of \$4,931, an underpayment of \$17,191.

Ship Salvage Job Sold to Canadians

TRENTON, N. J. (AP)—Salvage rights for the sunken Italian liner, Andrea Doria, have been sold to a Canadian syndicate, Armando Conti, president of the Trenton Beverage Co., said Thursday.

He sold out to the Andrea Doria Salvage Project, Ltd., Montreal, headed by J. C. Wolke.

Conti said the Canadian group would start the salvage operation around June.

The 29,000-ton luxury liner, lying in 225 feet of water, sank in July 1956 off Nantucket when it collided with a Swedish liner.

Conti said the cost of the project kept growing and finally became impractical for him to finance. He said the Canadian laws allow more liberal financing.

Toledo Tycoon Wins against Seiberling

WILMINGTON, Del. (AP) — Chancellor Collins J. Seitz has ordered seizure of all stocks and assets of Seiberling Rubber Co., a New York securities firm, and an Ohio bank, owned by defendants in a civil action brought by Edward Lamb.

Lamb, a Toledo, Ohio, industrialist and a Seiberling stockholder, filed the action Monday in Delaware's Court of Chancery, charging 11 Seiberling directors, the First National Bank of Akron, and Eastman, Dillon, Union Securities Co. with conflict of interest.

Lamb asked the defendants "be required to account for their profits, gains, and gratuities received by them and for the losses, and damages sustained by Seiberling Rubber Co."

Seitz appointed Lawrence F. Hartnet, Wilmington attorney sequestrator. Hartnet will notify the defendants of the court action, and tell them to appear to defend against Lamb's suit.

The defendants cannot dispose of their assets, now tied up, without court permission.

No date was set for a hearing on Lamb's suit.

New-Born Babies To Be Succeeded By Hip Flask Set

CINCINNATI (AP) — A section of Cincinnati's St. Mary Hospital where babies once first saw the light of day is to become a ward devoted exclusively to the curing of alcoholism.

The hospital recently closed its maternity ward because of lack of use.

Sister M. Elizabeth, administrator of the hospital, said Thursday the unique alcoholic ward, to be known as "Good Shepherd Hall," will be opened next month. She said only two other hospitals in Ohio — one in Akron, one in Cleveland — now operate wards devoted exclusively to alcoholics.

Good Shepherd Hall will have a 10-bed ward for men, a four-bed ward for women and two private rooms — enough to treat 16 persons at a time.

Admission will be voluntary, but only through a sponsor from Alcoholics Anonymous, which is participating in the program.

Pioneer Radio Preacher Dies

PLUMSTEADVILLE, Pa. (AP) — The Rev. Dr. Frederick Keller Stamm, 77, one of the first clergymen to broadcast regularly on radio, died at his home Thursday.

A Congregational minister, he conducted the radio program, "Highlights of the Bible," in the 1930s and 40s.

He also was the author of numerous books.

A native of Millheim, Pa., he was ordained in 1910, and had served pastorates in South Bend and Butler, Ind.; Dayton, Ohio; Brooklyn, N.Y., and Chicago.

Volunteers will present an official Heart Fund contribution envelope for the donor's convenience. After the contribution has been inserted, the envelope may be sealed before it is returned to the volunteer.

For families away from home on Heart Sunday, volunteers will leave pre-addressed envelopes in which contributions can be mailed to the local Heart Fund headquarters.

The following will serve as captains in the Circleville Heart Fund Sunday drive under the direction of Mrs. Alvarez: Mrs. Charles Smith, 145 Montclair Ave., Mrs. James Grant, 1015 Lynwood Ave., Mrs. Truman Eberly, 270 Lewis Rd., Mrs. Harry Kaper, 413 Ruth Ave., Mrs. Leo Hughes, Rosewood Ave., Mrs. Ray Sapp, 123 Parkview Ave., Mrs. John O'Hara, 344 E.
